

BRUSHING MACHINE

CODE: BMI-01

Machine Properties

Length : 193cm

Width : 88cm

Height : 113cm

Weight Empty : 400kg

_ Machinery sand casting capacity 500 kg

_ Automatic 50-200 kg per m3 of sand
cast iron tank capacity

_ Hydraulic dual-wheel movement
connected to the system.

_ Easy to use manual steering.

_ Front wheel dimensions : 15x6.00-6

_ Rear wheel dimensions : 18x8.50-8

_ Depending on hydraulic system,
specially designed brush system.

_ Pressure indicators

_ Mechanical and manual works as a
starter

Materials Used for the Machine

_ 11.1 HP Honda Engine GX 390 T2 SXE8

Made In JAPAN

_ Made in USA branded OVERVIEW IN
WP Hydro Motor

_ Hydro Pump Brand Salami Made In
ITALY

_ Control valves Made in EUROPE
